Dearly Beloved:

This week I present for your enjoyment a short description of the preparation made by the Brothers at the Great Rocky Mountain Retreat for the opening of the half-yearly Grand Council of Ascended Masters in charge of the evolution of our planet. These remarks were made by our Beloved Brother, Lanto, the Master in charge of this Retreat.

ADDRESS BY BELOVED LANTO - JULY 1, 1950

From the other planets of Our System; from other Universes, the Lords and Masters of the Flame gather for the Cosmic Moment as the Great half-yearly Council - which is held at this Retreat - begins.

The Cosmic Law opens the barriers that keep universal schemes from inter-blending, and from all the Stars. Volunteers of Love descend on Pathways of Flame - Their Light increasing as They approach the great Meeting Place.

The Hosts of the Rocky Mountain Retreat, in Their Golden Robes, welcome the Divine Messengers, the Air Devas, the Angels, the Masters, and the Solar Lords. The whole atmosphere is ablaze with effulgent Light, but as We become accustomed its radiance, We can distinguish the Masters with Their chelas in groups.

Kuthumi with His chelas - the teachers, educators and parents of the race; the Master Morya

with the Government officials who make up His group; Hilarion surrounded by the etheric bodies of the doctors and nurses and scientists. The largest group of all is around the Lord Buddha - made up of the Holy Ones of the East. The next in size and radiance is the Lord Jesus with His Christians - ministers, missionaries and good people of the various Christian sects filled with the serious intent of doing good and drawn hither by their desire to serve life and to contact the Master in their inner bodies. Saint Germain, Our Shining One, is surrounded by His students and the etheric bodies of all those interested in the work of the New Day.

High in the atmosphere, seven golden thrones have been prepared for the Seven Impassionate and Serene Lords of Karma Who are to preside at the Council Meeting.

Over all, the fragrance of the lotus and the rose mingle, and the Music of the Spheres fills the air with Harmony and Peace as the Magnet of Love draws from the human race all those whose desire and design is for good.

When the Meeting is called to order on June 30th, each Master presents, in color and radiance and fiery word, His Plan and Design for the balance of the year to come. Then, the Voice of the Lords of Karma will ask: "Where is Your Sponsorship? What can You offer the Solar System in place of the release of this Light and Mercy for which You ask?" Then the Master turns to His chelas and asks that they emit their Light, and according to the Light emitted all His chelas in unison, is the Master granted a release of certain authority and dispensations to fulfill His Plan. If the Light is great, His opportunity to fulfill His Plan is likewise backed by Cosmic Law. If the Master has

little or no sponsorship from unascended beings, these great impersonal Lords must, perforce, refuse His request. Many petitions are presented at these Great Council Meetings which would improve the conditions of the race, but due to lack of interest on the part of humanity, they must be set aside until such time as the majority of the people of Earth sincerely desire that those qualities and conditions asked for by the small minority and invisible Sponsors of the race, be granted.

The chelas may sponsor several Masters' Services, and when the Call for Light is made, they may join other groups and add theirs to the Flash of Light which is the Judgment of His Plan. Thus is decided the fate of our nation and of all peoples.

As We approach another of these Great Council Meetings, I would urge that each earnest student make a heart call to the Christ Self of every member of the race, discarnate as well as incarnate, to be present, bringing the etheric bodies of their lifestreams with them that they might observe, firsthand, the efforts being made by the Guardians of the race for their redemption and Ascension. This should have a salutary effect on the outer personality because the conviction of the Divine Plan, charged into the inner bodies through the attendance at these impressive ceremonies, cannot fail to reach the intellect and awaken it to its responsibilities, not only to the Life that beats its own heart, but to all life in general.

Blessings and Love,

MAHA CHOHAN

Beloved Children of Life and Light:

This morning, I bow again before the exquisite stream of electronic Light flowing so constantly, so joyously, and so happily from the Heart of the Great Sun itself into and through your human forms, and containing, within itself, all the potent powers which man has called mastery over circumstances.

Looking at the form and essence of this pure Light as it flows to the individual, which appears like billions of beads of Light strung together, making a river of electronic substance, it becomes My Heart Desire, as well as that of all Those who witness the entrance of the God-Light into the body, that We might convey to you the comfort and the knowledge and power that lies within your own Light to fulfill all your needs, and yet this great river of force flows through you, for the most part, unclaimed, filling the aura of each day with nothingness.

The great world of science has said that if they could build machines powerful enough to crush the atom, that from the energy released, one tiny molecule would be enough to carry a great ocean liner across the sea, and yet, in the course of a second, each one receives into his own heart (unrecognized) many countless billions of these atoms that pass out into the universe, unused, because man has not learned the power that lies within his own lifestream - just like an orange
